

# The Financial Security System™

1.

## The Discovery Analysis™

Gain clarity about your values, goals, and current financial picture. We guide you through a discovery of what you want your wealth to accomplish, outlining a clear path to a successful future.

2.

## The Wealth Protection Strategy™

Maximize returns, minimize risks, and reduce taxes with a properly constructed portfolio. Our portfolio technology allocates your assets to maintain your wealth without loss from taxes or ineffective investments.

3.

## The Lifestyle Maintenance Program™

View a complete picture of your financial future, including all sources of income, reasonable rates of return, and inflation. Based on your lifestyle, we adjust your plan to meet the needs of you and your family.

4.

## The Tax-Free Estate Plan™

Leave your hard-earned estate to the people you love and the organizations you support. Our inheritance protection tools create boundaries that preserve your estate from the government.

5.

## The Capital Growth Process™

Maintain peace of mind with regular reviews of your investment, tax, and legal issues. We build long-term client relationships to ensure your portfolio continues to support the life you want.
